

Amazing Villa!

\$ 835,000 / AWG 1,486,300

San Fuego, Santa Cruz

This amazing house was recently built on the most wonderful place on Aruba.

Residence San Fuego. A new land development plan, consisting of 24 large lots with completely unobstructed views of the sea, Aruba's nature (The Kunuku) and Aruba's beautiful rocks foundation.

An incredible view at a unique place, surrounded by several beautiful homes, gives this property an even more up scaled look.

The still undeveloped plots are all remained intact with beautiful plants such as cacti, divi divi trees and calabash trees. Just to guarantee Aruba's Beauty.

This house is built on 1292 m2 property land and built-up surface is 476 m2.

The house consists of 4 bedrooms and 2 bathrooms.

The master bedroom has its own private bathroom and large walk-in closet (8.0 m2). A large sliding door leading to the porch which overlooks the Aruban landscape.

The other bedrooms share the second bathroom.

A huge living room with very high ceilings gives the house an even broader look but keeps the coziness and intimacy. This house on this place should be called, almost unique.

A fully equipped, designed kitchen with all appliances and a cooking isle. All finished with granite countertops. Both the kitchen and the living room all ...
